A FIRST-TIME VISIT TURNS INTO A LIFETIME CAREER

8

The fourteenth child in a family of 15 siblings, Dr. Roy Page '57 was raised in Campobello, South Carolina, an area that has been home to the Page family for many generations. "When people would ask where I was born, I used to say 'in the front room,'" Dr. Page remembers. At that time, the family raised cotton, and Dr. Page decided he was going to college.

A DECADE OF DEDICATION

15

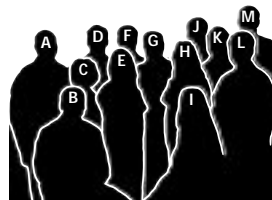

Ten years. Depending on your perspective, one decade can seem like a drop in the bucket or a lifetime. For a top university administrator—a dean, for example—ten years with any institution is an achievement well worth noting. So it is with Dean Richard R. Ranney, who celebrated a milestone anniversary in 2001 with the Baltimore College of Dental Surgery.

HONOR ROLL

INSERT

The Honor Roll recognizes all those who made the decision to invest in the Baltimore College of Dental Surgery, its programs, its students, and its faculty during the year ending June 30, 2001.
