

DENTAL SCHOOL CONFERENCE ROOM INSTRUCTION SHEET

HOW TO VIEW A LAPTOP

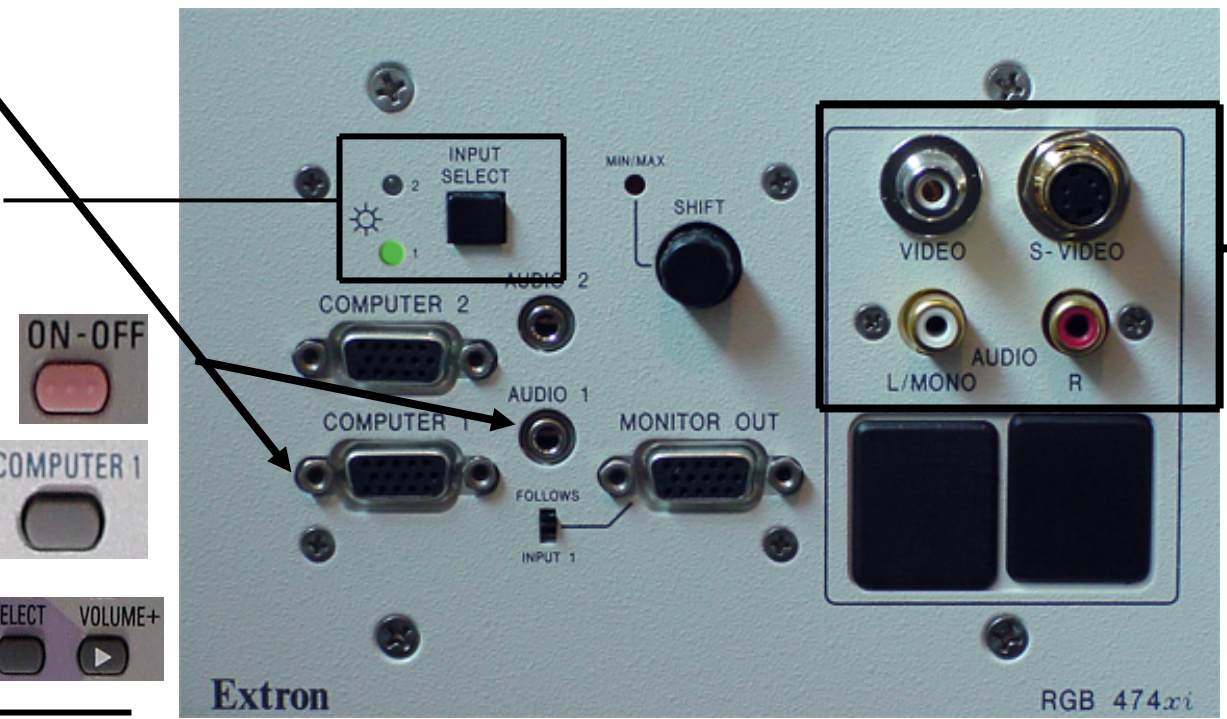

Plug your laptop VGA and Audio into Computer 1

Make sure that the INPUT SELECT indicator set to "1". The indicator will turn green once an input is detected

Turn ON the LCD projector by pressing the red button located in the upper right hand corner of the remote

Press COMPUTER 1 on the remote to switch the LCD to "Computer 1"

Press VOLUME- or VOLUME+ to adjust your volume

This Conference room also has the ability to receive a simulcast signal from the control room. For assistance with this feature, please contact:

Doug Brotherton
