Electron Microscopy Core

Overview of Services

The **Electron Microscopy Core Imaging Facility (EMCIF)** provides electron microscopy related research and imaging services to all faculty and staff of the University of Maryland campus and the academic and industrial community in the Washington D.C. and Baltimore areas. The CIFis jointly sponsored by the School of Dentistry and the School of Medicine and overseen by a steering committee consisting of faculty members from both schools.

All services are available to anyone, academic or private users, with an interest in electron microscopy.

Leadership

Ru-Ching Hsia, PhD

Director

coreimaging@umaryland.edu
